

# Žlahtina

*In a fruitful field of town Vrbnik, are grown autochthonous grapevines which give the golden drops of wine with protected geographical origin.*

*This elegant wine of high quality, unique aroma and freshness, fruity scents and harmonic characteristics of its sort are expertly preserved in this wine of delightful and lively taste. All the charm and drinkability it reveals chilled from 8 till 12 degrees Celsius, and it blends the best with Mediterranean food.*

*Zlatna vrbnička žlahtina (Golden žlahtina from Vrbnik) is a product which reflects the traditional Croatian culture of wine growing, wine production and way of life in rural areas of the islands of the Croatian coast. Numerous experts ranked this wine among "plemenka" - nobly, as it is perhaps suggested by her, for age's beautifully highlighted name (žlahtno - noble).*

*Cheers!*
